

Science Technology and Society Requirement

Curricular Outcome: Ability to function in a multidisciplinary setting.

The Science Technology and Society (STS) requirement is met by completing a **Science, Technology and Society course** (<https://www.purdue.edu/provost/students/s-initiatives/curriculum/courses.html>).

Note: Students completing the Statewide General Transfer Core will not meet the Science Technology and Society UCORE outcome and therefore, must complete an STS course.
